   - Identifying the Standards where they are compliant and evidence to support such findings
   - Identifying the Standards where they are not compliant and making suggestions for improvement.
   - Identifying a timeline within which they will, be inclusive of client consultation, develop a proposal to remedy the identified concerns through CCAE’s continuous improvement procedures.
Procedure

CCAIE Industry Area Teams are:
- Community Services
- Education Services
- Commercial Services

- Each Industry Area Team will be allocated one term within which to conduct an AQTF Internal Audit.
- Each Industry Area Team will, in the term allocated to them, perform an AQTF Internal Audit against the 3 AQTF Standards and sub-sets contained therein.
- Time will be set aside each term in the Staff Meeting Schedule for all staff to attend a moderation session where an Industry Area Team will provide a compliance presentation to all staff and for their findings to be moderated by staff.
- At the moderation session the Industry Area Team must present evidence of their compliance and non-compliance with each Standard and the sub-sets contained therein.
- Areas of non-compliance are to be identified, suggestions for improvement provided by the Industry Area Team to be moderated by the assembled staff and other alternatives generated from discussion.
- The Industry Area Team then has one term in which to present CCAE Manager and Board of Management with AQTF compliant solutions to the previously identified areas of non-compliance.
- In Term 3 each year, the AQTF Internal Audit findings from the Industry Area Teams will be subject to a review by all staff as part of the planning process for the forthcoming year of operations.
- Any AQTF Internal Audit changes arising out of moderation sessions that apply across the entire College will be directed in the following term by CCAE Manager.
