Policy Rationale
• The purpose is to ensure that each party to an agreement to subcontract training delivery and assessment services has a clear understanding of its roles and responsibilities with respect to the services being subcontracted.
• Where current staff are not equipped or qualified to deliver training, contractual arrangements can be undertaken, in line with College policy, contractual and reporting requirements of the State or Federal funding body.

Policy Aims
• All training delivered by subcontractors must be the subject of a contract or Memorandum of Understanding signed by the Chief Executive Officer and/or Manager of each organisation.
• Training delivered by subcontractors on behalf of the CCAE will be the subject of a commercial arrangement as each RTO is fully accountable for the training it delivers, which must be to an acceptable standard.

Procedure - Responsibilities
• The Manager is responsible for the control and issue of this procedure.
• All discussions with respect to the subcontracting of training and/or assessment services by Campaspe College are to be undertaken by the Chief Executive Officer or Executive Training Manager. A written agreement is to be drawn up which clearly specifies the roles and responsibilities of each party to the agreement including the responsibilities for compliance with the AQTF standards including the issue of qualifications.
• The Chief Executive Officer of Campaspe College shall maintain an up-to-date register of all/any subcontracting agreements entered into by the College.
